

FROY Community Guidelines

Last updated: September 20th 2026

Welcome to FROY.

FROY exists to enable real, respectful, and meaningful connections between people in cities. To keep FROY safe, human, and enjoyable for everyone, all users are expected to follow these guidelines.

By creating an account, you agree to the following:

1. Real People, Real Intentions

- FROY is for **real people seeking real-world connection**.
 - Fake profiles, impersonation, or misleading information are not allowed.
 - You may only create **one account**, and it must represent you accurately.
-

2. Respect Comes First

- Treat all users with respect, kindness, and openness.
 - Discrimination, hate speech, harassment, intimidation, or bullying of any kind is not tolerated.
 - Differences in culture, background, age, gender, or nationality are part of what makes FROY valuable — respect them.
-

3. This Is Not a Dating App

- FROY is about human connection and local experience, not romance or sexual encounters.
 - Sexualized behavior, explicit messages, or pressuring others for intimacy is not allowed.
 - If someone declines a connection, that decision must be respected immediately.
-

4. Safety & Consent Are Non-Negotiable

- Always respect personal boundaries.
- Never pressure someone into meeting, staying longer, drinking more, or changing plans.
- Meetings must take place in public venues.
- If at any point someone feels uncomfortable, they are encouraged to leave and report the interaction.

5. Honest Use of the “First Round” Mechanism

- The “First Round” is a social gesture, not a transaction for favors.
 - It does not imply obligation, exclusivity, or continued interaction.
 - Abuse of this mechanism for manipulation or expectation-setting is prohibited.
-

6. Use Chat for Practical Purposes Only

- Chat is intended for practical coordination (e.g. timing, location).
 - Endless chatting, spamming, or inappropriate messaging is discouraged and may be moderated.
 - Harassment or unwanted contact via chat will result in action.
-

7. Alcohol & Behavior

- FROY does not encourage excessive drinking.
 - Users are expected to behave responsibly and respectfully at all times.
 - Intoxicated, aggressive, or disruptive behavior may lead to suspension.
-

8. Ratings & Feedback

- After a meeting, users may rate and review the interaction.
 - Ratings must be honest, respectful, and based on actual experience.
 - Retaliatory, abusive, or false reviews are not allowed.
-

9. Privacy & Personal Information

- Do not share someone else’s personal information without consent.
 - Do not record, photograph, or share content from meetings without explicit permission.
 - Respect the privacy of both Locals and Visitors.
-

10. Zero Tolerance for Harmful Behavior

The following will result in immediate action, including suspension or permanent removal:

- harassment or intimidation
- hate speech or discrimination
- sexual misconduct
- threats or violence
- stalking or repeated unwanted contact
- attempts to exploit users financially or socially

In serious cases, FROY may cooperate with local authorities.

11. Enforcement & Moderation

- FROY actively moderates the platform.
- Violations may result in warnings, temporary suspension, or permanent removal.
- Repeated or severe violations will lead to account termination.
- Decisions by FROY moderators are final.

12. Community Responsibility

FROY works best when users:

- show up with good intentions
- respect each other's time and boundaries
- contribute to a welcoming, human atmosphere

If something doesn't feel right — **report it.**

You help keep FROY safe for everyone.

In One Sentence

FROY is built on trust, respect, and real human connection.

If you're here for that, you're welcome.
